Online Payment Program with Pay.gov

This Online Payment Program cannot be used for Chapter 13 plan payments to be paid to the Trustee.

The Nebraska Bankruptcy Court is pleased to announce that new electronic payment methods are now available for individuals.

Payments can now be processed through Pay.gov using:

- Automated Clearing House (ACH)
- Debit Card
- PayPal Account

Pay.gov is operated by the U.S. Department of Treasury and is a web-based application that allows users to make online payments to government agencies.

Automated Clearing House (ACH)

Users may choose to pay from a checking or savings account (a process referred to as "Automated Clearing House" or "ACH"). Users will need to select an Account Type and enter the appropriate information for a bank account which includes:

- Financial institution routing number
- Checking or savings account number

Debit Card

Users may choose to pay via Debit Card, and will need to select the Debit Card option and enter the card payment information.

PayPal Account

Users may choose to pay via PayPal, and will be redirected to PayPal to sign in to their account. Users will only be able to make payments via PayPal using a Debit Card. Select your saved Debit Card or enter the card payment information.

Do You Know Your Payment Information?

Users must be able to describe the type of document and the total amount to be paid (e.g., case number, case name, installment payment, $50.00).

If you do not know the amount of the fee due, require additional information about a fee, or any other question(s), please contact the Bankruptcy Clerk's Office.
