

# Quick Start Guide for Updating/Renewing an Entity

## Helpful Information

### What is an Entity

In SAM, your company/business/organization is now referred to as an "Entity."

### Viewing Your Entity Record

How you view your entity record depends on several factors

- If you chose to make your record public, you can view your entity record by going to [www.sam.gov](http://www.sam.gov) and searching for your DUNS number or Entity Name
- If your record is available in the public search, but expired, you can view it by searching for your entity by DUNS number or Entity Name, clicking on the "Inactive" box, and clicking the "Apply Filters" button
- If you opted out of the public search, log into SAM, migrate your roles, and then click on "Register/Update Entity" and "Complete Registrations" to view your record

### Requirements for Submitting Your Registration

- To submit your update, you must review the entire record in one sitting
- Review each page, validating the accuracy of the content
- If your registration requires Reqs & Certs (formerly ORCA), make sure you select the box certifying to the accuracy of the data on the "Review Reqs & Certs" page
