

Notice of Declaration of Emergency

Pursuant to the District of Nebraska Plan for Random Jury Selection, the clerk will maintain a list of qualified jurors who did not serve on a trial for a period of six months following the conclusion of their term of service. In an emergency, the chief judge may order that these qualified jurors be selected for service. The clerk will advise prospective jurors that they may be contacted to report for service in a month other than their designated term of service in the event of an emergency.
